

APRIL WARM CABIN GETAWAY
by Pam travelingquilter@msn.com

DIRECTIONS:

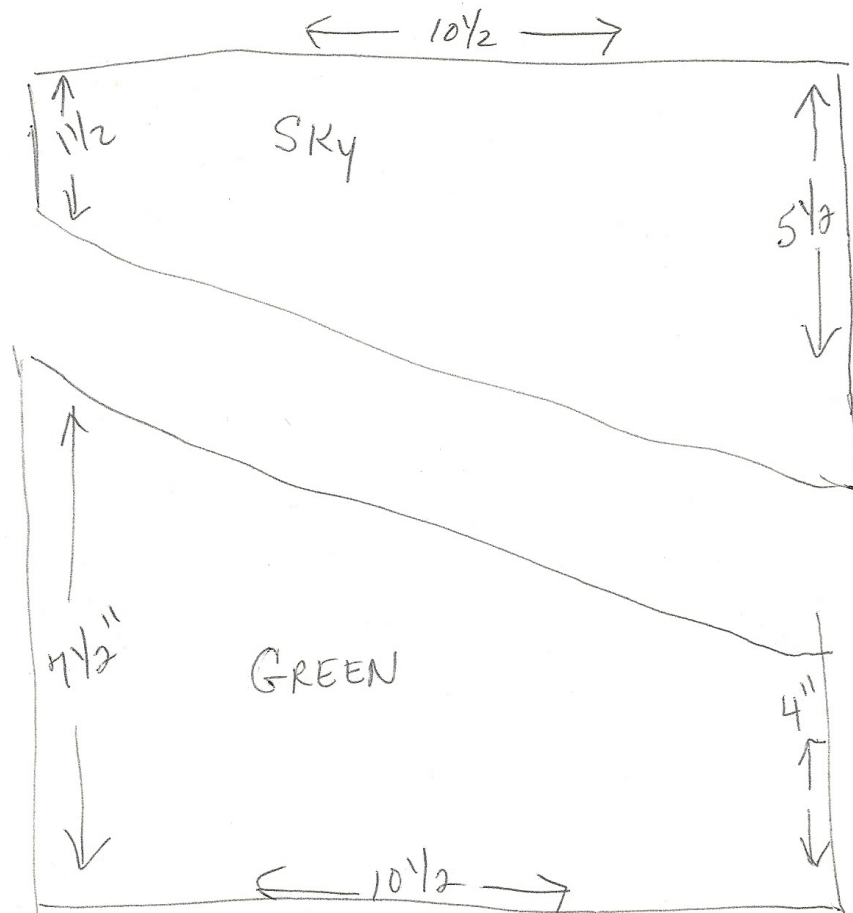

Background fabric: Cut a little large to allow for shrinkage when appliqueing.

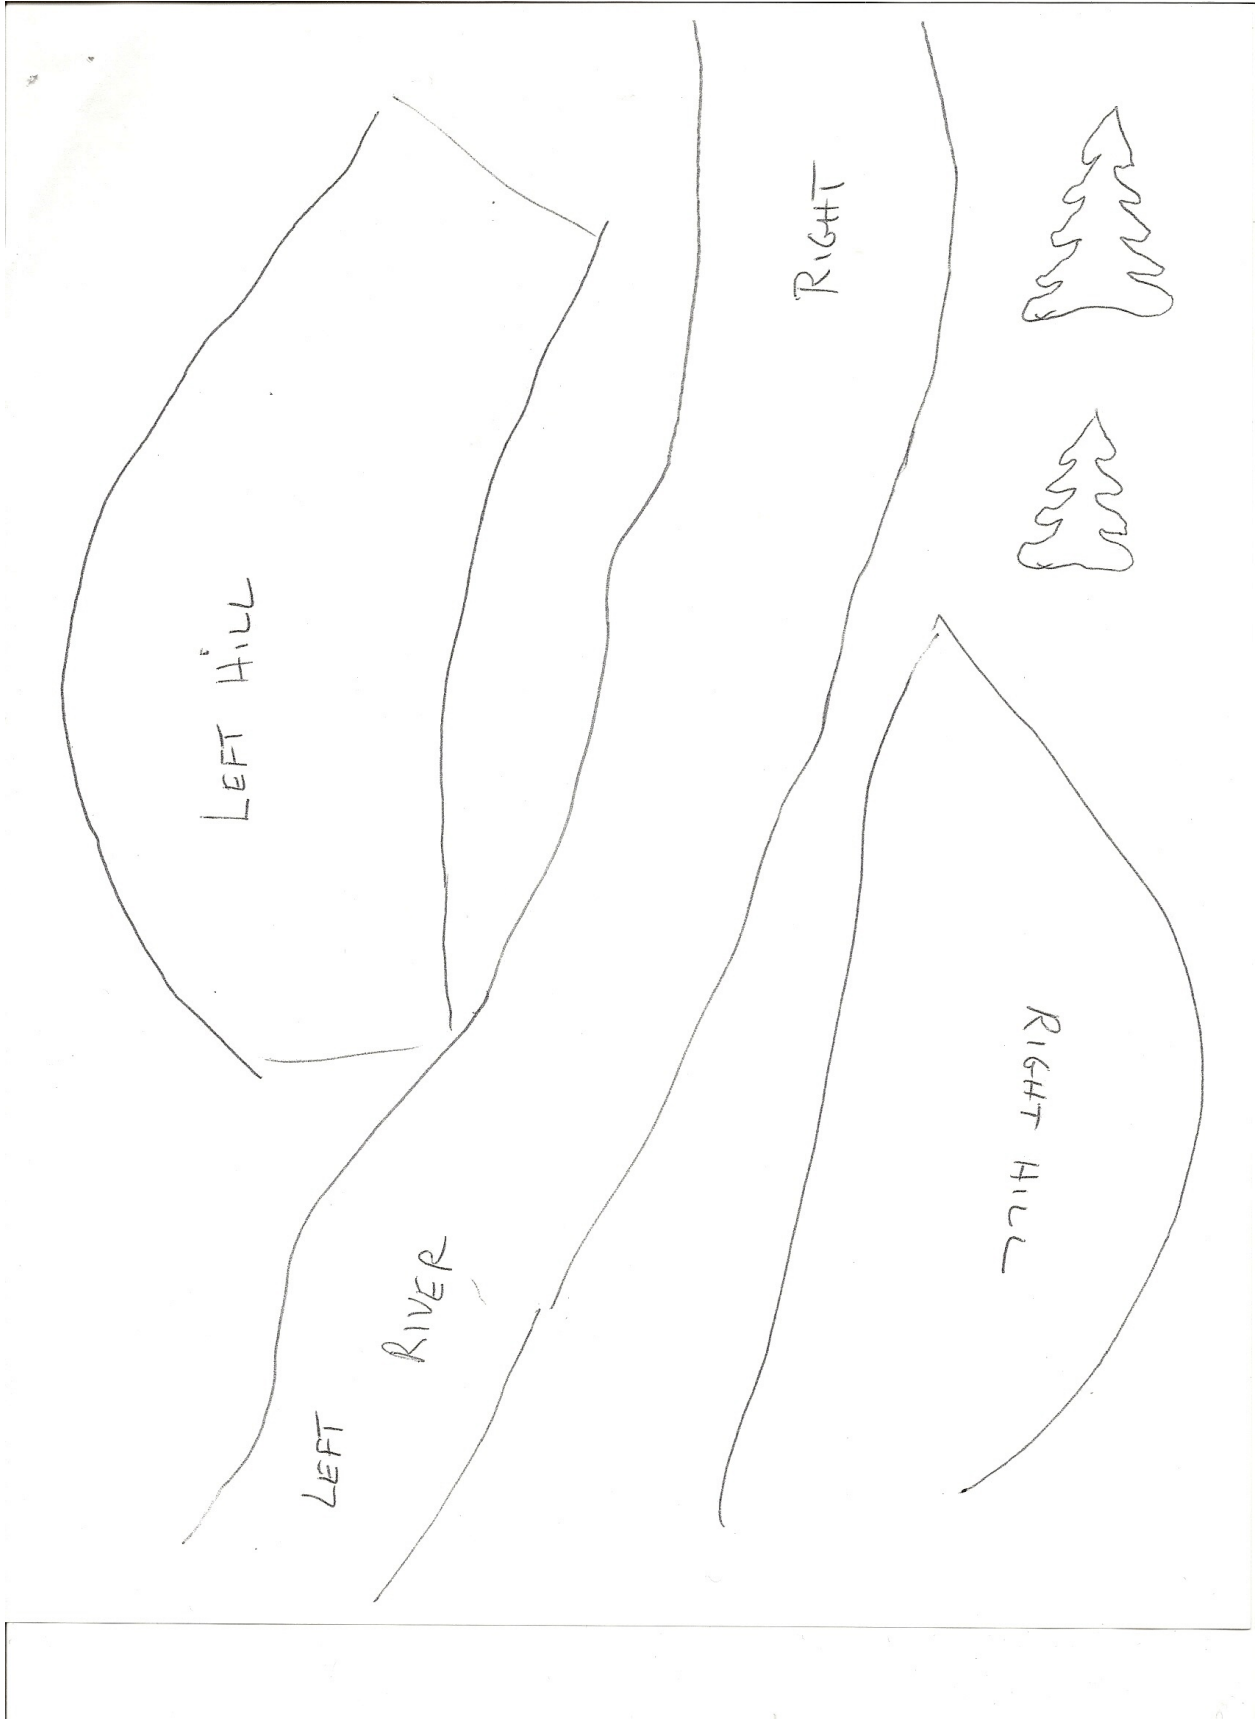

Trees: Cut several trees of each size and you might want to make your trees larger. Cut small pieces of brown for the trunks.

JUST MAKE SURE YOU CAN SEE THE PATH TO THE RIVER WITHOUT BLOCKING IT
BY HAVING TREES TOO LARGE

Patterns are actual size and are not reversed. If you are not using fusible web and are doing a turned piece be sure to add 1/4" around for the applique.
